Green Worlds in Early Modern Italy

Painting and Experience in Fifteenth-Century Italy 1 While naturalism and artistic skill remain the leading factors cited for the gold-to-green transition, this essay argues that the pharmacological, sensorial, and material merits of green played an equal if not greater role in this development www.themoderninstitute.com

1972 classic Painting and Experience in Fifteenth-Century Italy, begins with the timeless observation that "money is very important in the history of art" Baxandall expands: It acts on painting not only in the matter of a client being willing to spend money on a work but in the details of how he hands it over A client like Borso d'Este, the
